Note: In continuous use/high volume shops, use 220v presses for faster heat recovery.

N-680D SPECS

- 15"x15" Platen (38.1x38.1cm)
- Box Size 41"x20"x15" (104x51x38cm)
- Shipping Weight 126lbs (57kg)
- Amps/Watts (120v) 12.5 / 1500
- Amps/Watts (220v) 7.5 / 1560
- Pre-press switch
- Air Compressor and Water Separation Trap required

N-880D SPECS

- 16"x20" Platen (40.6x50.8cm)
- Box Size 41"x20"x15" (104x51x38cm)
- Shipping Weight 137lbs (63kg)
- Amps/Watts (120v) 14.5 / 1750
- Amps/Watts (220v) 10 / 2000
- Pre-press switch
- Air Compressor and Water Separation Trap required
