

ANALOG SWINGAWAY PRESSES

From hobbyists to small production runs, the HIX line of Swing Away Heat Transfer Machines continue to lead the industry.

HIX Swing Away Presses are ideal for sublimation transfers to items up to 1-3/4" thick depending on the model of press. Presses range in size from the introductory hobby lite - perfect for the occasional transfer to the large format SwingMan-25 - great on large tile murals. Swing Away Presses are designed for transfers to t-shirts, tiles, plaques, licence plates, mouse pads and more.
