

# DIGITAL SWINGAWAY PRESSES

From hobbyists to small production runs, the HIX line of Swing Away Heat Transfer Machines continue to lead the industry.

HIX Swing Away Presses are ideal for sublimation transfers to items up to 1-3/4" thick depending on the model of press. Presses range in size from the introductory hobby lite - perfect for the occasional transfer to the large format SwingMan-25 - great on large tile murals. Swing Away Presses are designed for transfers to t-shirts, tiles, plaques, licence plates, mouse pads and more.

## SWINGMAN-20P/25P FEATURES:

- 16"x20" SwingMan 20P heavy duty, even heating, swing away platen
- 20"x25" SwingMan 25P heavy duty, even heating, swing away platen
- digital pressure readout (0-9 for consistent transfer pressure)
- digital countdown timer (adjustable up to 99 minutes 59 seconds)
- calibrated digital temperature control (adjustable up to 450°F (232°C) and displays the current temperature and time)
- full adjustable pressure control
- self leveling lower platen
- applies to items up to 1-3/4" thick
- lifetime warranty on heating element

**Note:** In continuous use/high volume shops, use 220v presses for faster heat recovery.
